When they click on the burger menu at the top, this should be how the menu is shown. Simple with just the menu options.

This will be one of the main pages

With the different headings so you can select the category and all the videos will appear there

The layout should be similar to: <https://www.leftproductions.com/services/tv-digital-ads>

When you hover over the video it should play a small snippet similar to YouTube and Vimeo or even <https://purplemonkey.co/portfolio/>
